

Hi St. Patrick's Parents!

I am very excited to have this amazing opportunity to photograph your child's school photos this year! I want you to be excited and truly love your child's new school photos and be able to share with your loved ones.

School Picture Dates:

Tuesday April 20, 2021 – Nursery to 3rd Grade

Thursday April 22, 2021- 4th Grade to 7th Grade

I wanted to take the time to go over a few things as we prepare for your child's session:

1. Our goal is to deliver 3 amazing images of your child to you.
 - A typical headshot
 - ¾ image (personality)
 - Silly face (just fun shot)
2. If your child wears glasses, they may be asked to take them off if there is too much glare in their glasses. If the glare is harshly covering their eyes, it is very difficult to remove in post and will affect the outcome of the image. If your child has a blue filter on their glasses the lenses may turn green or blue when the flash goes off which then they will also be asked to take them off. If you truly want them wearing their glasses in the photos, please let the teacher know. I just want to let you know of a probable outcome.
3. ONLY NURSERY SCHOOL CHILDREN may bring in their favorite stuffed animal for their session. I find that this will help make them more comfortable.
4. Spring Uniform for all grades outside of Nursery School.

*** Please note that all of this depends on your child's cooperation. Our goal and intention is to provide you with three strong portraits. ***

When your images are ready, they will be delivered to you via email in an online gallery.

You will have a few options to receive your child's portraits:

- Purchase digital downloads: \$20 per image
- You can also purchase prints from the gallery as well. Prints start at \$4.00 a print.
- All prints are directly shipped to your home.

If your child is absent for the sessions and or a reshoot is necessary appointments can be made directly through our studio.

I am very excited, and I truly hope you love the new school photos.

All the best,
RJ
